## **Standard Guarantee Endorsed by American Shorthorn Breeders' Association**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, are safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute, the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

## Terms and Conditions

Due to the large number that are to be sold this auction will start promptly at 12 o'clock noon, Central Standard Time. The bulls will be sold first. The female sale will start at approximately 1:30 P.M.

**LOCATION**—The sale will be held in the pavilion owned by the Abingdon Sales Company, Inc., in Abingdon, Illinois, on Friday June 16, 1950. Abingdon is located just 12 miles south of Galesburg and may be reached on pavement from every direction. Frequent busses run from Galesburg which is on the main line of the Burlington and Sante Fe Railroads. Abingdon is on the Kansas City branch of the Burlington Railroad.

**TERMS**—The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off but the management will assist in loading on cars or trucks in compliance with instructions from purchasers.

**GUARANTEE**—The cattle will be sold under the standard guarantee of the American Shorthorn Breeders' Assn. which is printed on one of the front pages of this catalog. All cattle are sold subject to a 60 day retest for Tuberculosis and health certificates will be furnished to enable them to be shipped into any state or territory. All cattle have been blood tested for Bang's Disease within 30 days of the date of this sale. Nearly all of the consignors to this sale practice calfhood vaccination.

A certificate of registry and a signed transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for unborn calves sold in dam.

Where footnotes appear in this catalog they were furnished by the consignor or written from information supplied by the consignor.

We will not be responsible for any accidents that may occur but will make every effort to provide for the safety and comfort of our guests.

The above terms and conditions shall constitute a contract between consignor and buyer of each lot. Neither the sale manager nor the clerk of the sale assumes any liability, legal or otherwise.

**MAIL BIDS**—Those wishing to buy at this sale but who cannot be present can send their bids to the Sale Manager, Hal Longley of The Shorthorn World, 16 So. Locust Street, Aurora, Illinois; Tom Sherlock of Wallace's Farmer, or J. E. Halsey, auctioneer.

Hal Longley, Sale Mgr.  
16 So. Locust Street  
Aurora, Illinois

Auctioneers—J. E. Halsey  
and Ross L. Clark.

Scotch Shorthorn cattle, with their ability to make quick and economical gains along with their abundant flow of milk, have more of the things that are needed to make profits on American farms than any other breed of live stock. Wouldn't you like to own a group of cows like those shown above? You can buy them at prices you can afford to pay in "The Sale of Satisfied Buyers." The offering is large. It's the best sale for buyers who want both numbers and quality.

## The World's Best Investment . . . Good Shorthorns Consuming Your Roughages

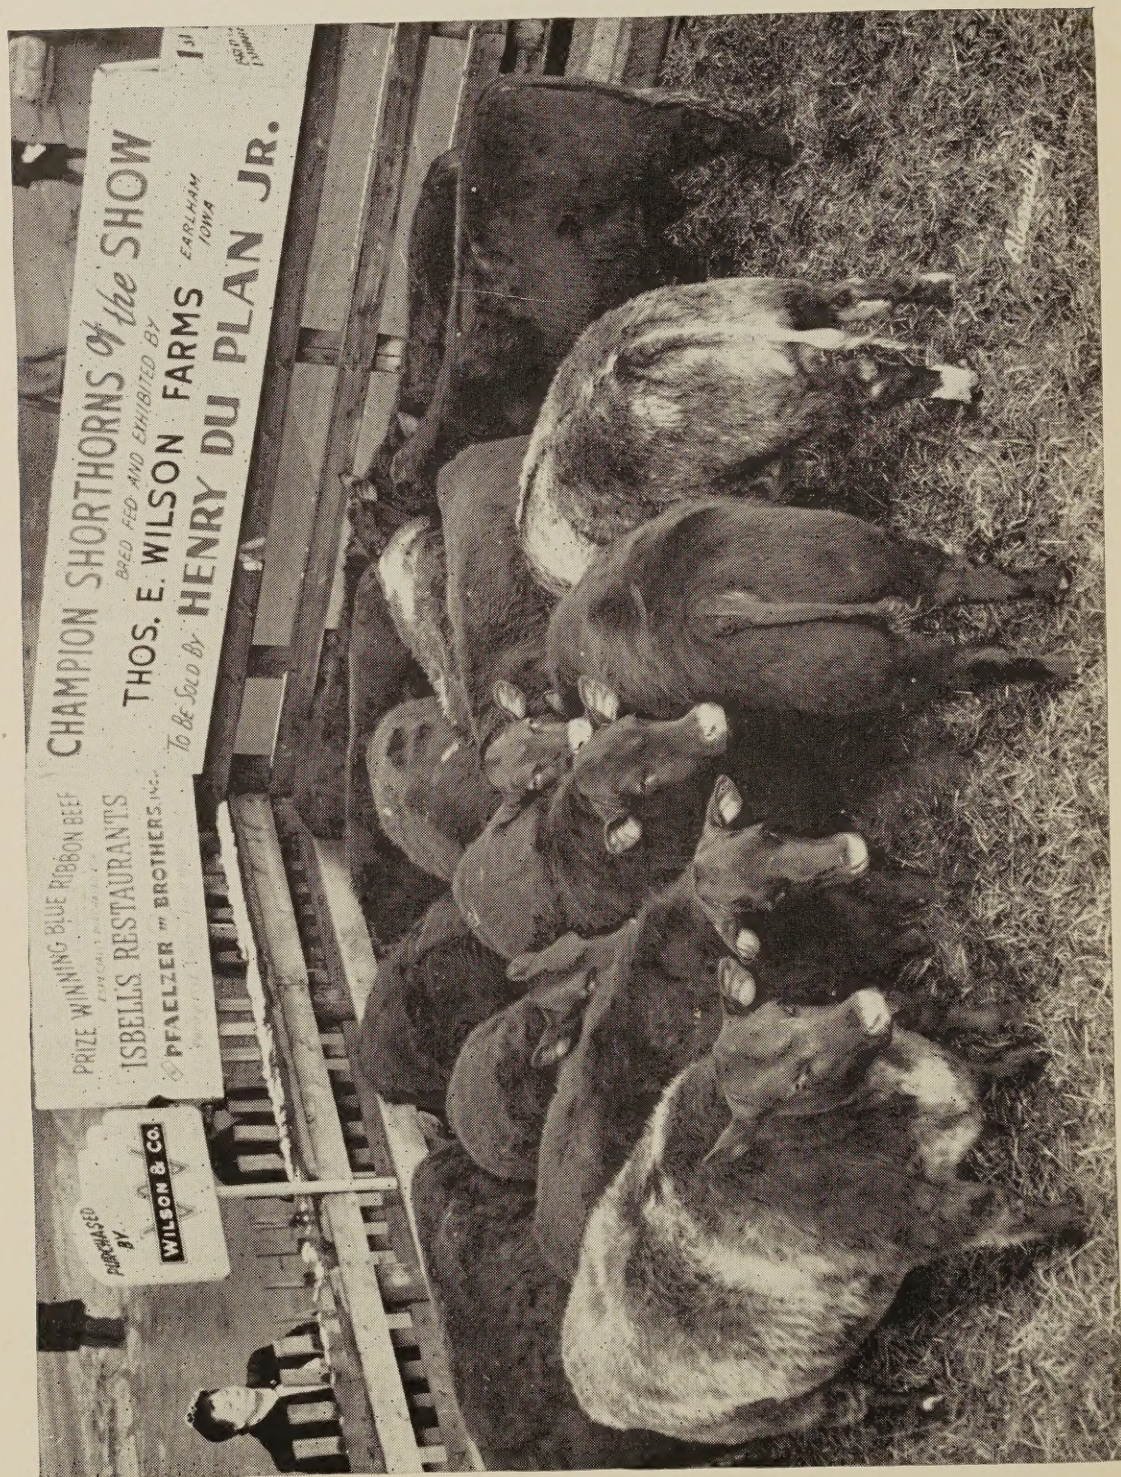

You will find that the men who consign regularly to the Abingdon sales are proud to have had a part in building the splendid reputation of this sale. None of them have ever received high prices for their cattle . . . but they have been prices that have provided a fair profit for both the producer and the buyer. Satisfaction on both sides has been the result and consignors come back to each sale with better cattle in order that buyers may continue in their appreciation of Abingdon as a dependable source of supply.

The Spring sale season always ends at Abingdon. Here is where the buyer's dollar stretches farthest. The list of consignors is the best possible assurance that this will be one of the strongest offerings in the history of this event. The bull offering contains a large number of ready-for-service bulls, as well as a generous number of exceptionally promising bull calves.

Because we know that in June buyers like to buy cows with calves and bred heifers to turn out into their pastures to produce a healthy dividend in the fall, you will find a liberal number of such profit-making lots. There will be an especially strong group of open heifers that are good enough for the foundation of any herd. Those who study the catalog will realize immediately that the entire offering contains the richest possible Scotch bloodlines as well as the get of the most famous sires of the day. As in all former Abingdon sales, pedigrees and health charts will be provided promptly and everything possible will be done to safeguard the name of "THE SALE OF SATISFIED BUYERS."

HAL LONGLEY, Sale Manager

First prize medium weight carlot of Shorthorns at the 1949 International. Exhibited by Wilson Farms of Earlham and Nevada, Iowa, owned by Thos. E. Wilson. They were sold to Pfaelzer Brothers for Isbell Restaurants, Chicago, at \$48.25 a hundred weight. They averaged 1083 pounds and brought \$522 a head. They were sired by Edellyn and Helfred bred bulls and were out of purebred females purchased in former Abingdon Sales.

# *The Champions . . .*

**Produced from females purchased  
in "The Sale of Satisfied Buyers."**

The whole world loves good beef! Yes, there's hardly a person in the whole wide world who doesn't love a good steak, a good roast or even hamburger. It's a product they all like all the time, not just part of the time . . . and the better the beef, the better they like it.

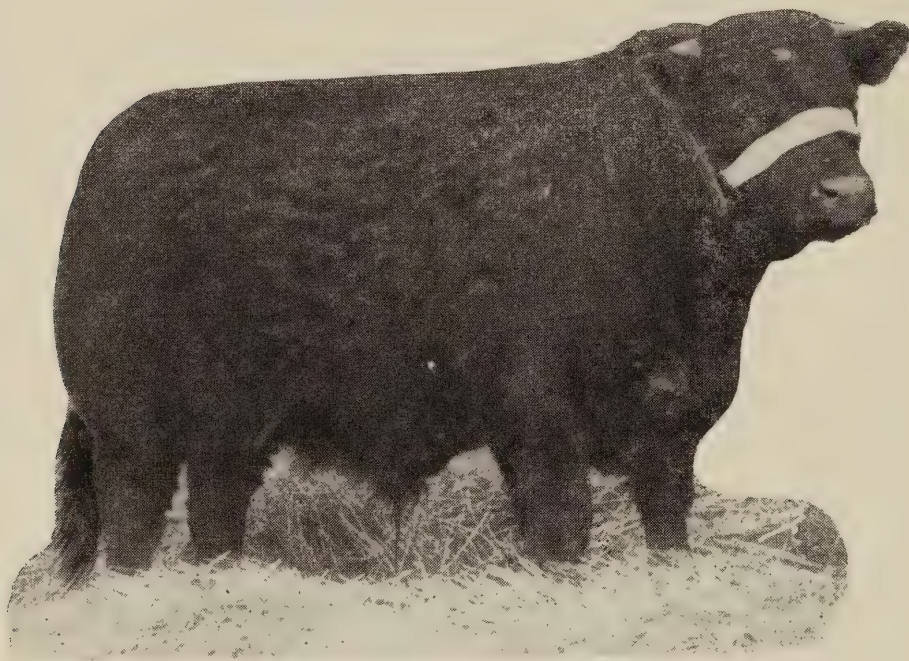

Why don't **you** produce good beef on **your** farm? It should be evident to all now that the substantial farm incomes of the future will be made by those who convert their grains, grass and roughages into other products. Of the various enterprises the farmer can choose, the beef cattle industry offers the brightest future of all.

Study carefully the picture on the opposite page. These steers were good enough to win championship in the Shorthorn fat carlot division at the 1949 International Live Stock Show. They were not produced on the range. They did not make the long trip to a Corn Belt feedlot with the losses and setbacks that nearly always result from such a trip. They were produced on an Iowa farm. They were developed to feeding age on grass and forage that would otherwise have gone to waste and their mothers were maintained at low cost on the same rations. When these steers went into the feedlot, they were ready to make the fastest and most economical gains. Why? Because they were well bred and because they were Shorthorns.

Those who are interested in the Abingdon Sale are very proud of these steers because they were all out of Scotch Shorthorn females purchased in the "Sale of Satisfied Buyers" or out of daughters of the original females purchased in this sale. The steer production and feeding program followed at the Thos. E. Wilson Farms in Iowa that resulted in this champion Shorthorn carload can be followed just as profitably on **YOUR** farm . . . and the income of \$522 per head can just as well be **YOURS**.

There are 43 females in this sale capable of producing champions and 37 bulls capable of siring them.

## Abingdon Herds Are Headed By Top Bulls

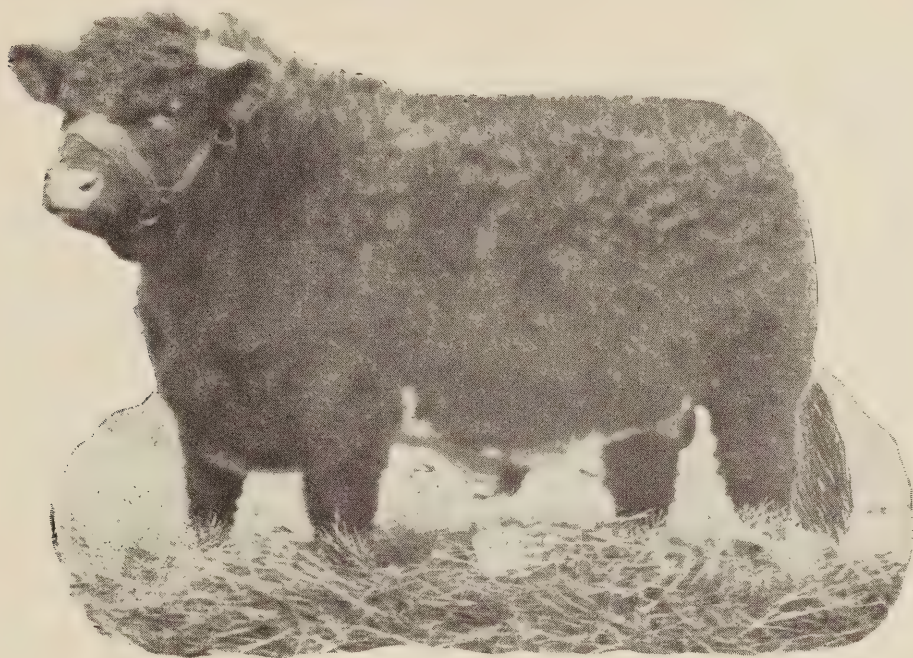

Killearn Max Herald, the top selling bull of the 1949 Killearn sale in Alberta. He is by the famed Killearn Max 5th. Killearn Max Herald heads the Herman W. Alber herd, Dixon, Illinois. Mr. Alber is a consignor to this sale and is selling several heifers bred to him.

Hundreds of high quality herds, the kind that blend perfectly into the rotation program of a productive mid-west farm, are what has made the Abingdon area a Shorthorn stronghold. Like the land that produces the crops, the owners of these units are not satisfied with anything but the best in the way of Shorthorn seed stock.

In point of excellence of herd bulls and cow herds, these breeders take a back seat to nobody. That is why the Abingdon sale is the greatest regional sale in the nation.

Glassingall Research, shown in his yearling form. He was three times an International first prize winner. The calves sired by him at Mathers Bros.' farm are outstanding. Lot 1 is a son of this famous show bull.

Cumberland Ransom 15th—We believe this to be the best bull to leave our farm. We feel he could be carried on to the show circuit and do well. His dam is one of those good Retzlaff Golden Chain cows by Brawwith Nugget. She was one of the top females in their sale in 1945. Our breeding program is designed to intensify the improving blood of Millhills Ransom. We feel that this bull typifies our objective.

		Red, J. V. Rank

McGregor Pilot—Out of a Klaymor Footprint cow, this bull will be ready for light service by sale day. He has a good head, is low down, and has plenty of substance.

The widest selection of bulls offered at this time of year. We have 37 bulls in this sale. We have such a wide selection because we have found that at this time of the year there are still a few breeders who have not yet been able to find exactly the right bull to suit their needs. To help them at Abingdon in June we always offer a wide selection of bulls . . . a larger group than is offered anywhere else at this time of the year. There will be plenty of bulls of strong serviceable age. There will be a grand selection of bulls for the breeder who likes to buy them young, buy them to advantage and watch them grow into money.

Overbrook—Is from the good Missie family Schuerman Lad and those who have had them know what an outstanding mark they leave in the herd. This calf is right where he will spread out and make a satisfied buyer.

When Does a Sale Become . . .

# AN INSTITUTION

When over 1000 different buyers purchase over \$790,000.

When entire high quality herds have been founded completely upon purchases in a sale.

When breeders from nearly every state patronize a sale, and recognize it to be an outstanding source of supply.

When consignors, proud of the record they have accomplished, bring better cattle to each sale.

When you offer buyers cattle correct for their needs at prices correct for their purse.

**Herd Improvement For You Is Only As Far As The Abingdon Sale!**

**"THE SALE OF  
SATISFIED  
BUYERS"**

*Always a  
dependable  
source  
of  
supply-*

## 80 Lots

### THIRTY-SEVEN BULLS

Good Bulls! Many ready for service, many younger prospects . . . the kind you should be bringing along as a junior herd bull.

### FORTY-THREE FEMALE LOTS

Richly bred! The "Abingdon Kind" . . . not highly fitted, but the kind upon which real foundations can be made. Many cows with calves and heifers bred to calve on grass.

### BUY IN JUNE

Take advantage of cheap summer feed. Bring 'em in from pasture in the fall with coupons at foot.

## Forty-three Female Lots

The "Sale of Satisfied Buyers" kind. Well bred cattle, outstanding individuality, offered in strictly breeding condition. The kind that you want in exactly the condition you want them. Cows with calves at foot, heifers in calf to famous sires, and a beautiful string of open heifers.

At nearly every Abingdon sale someone from a distance fills out a carload. So that there will be a selection worthy of traveling such a distance, the management of this sale has followed the policy of making this one of the breed's largest offerings. If you've never been to an Abingdon sale, you owe it to yourself to attend. Remember . . . many entire herds, top herds, have been founded solely on purchases at "The Sale of Satisfied Buyers."

Abingdon is convenient to reach for all buyers. It is on the Kansas City branch of the C. B. & Q. Railroad. It is located 12 miles south of Galesburg which is on the main line of the C. B. & Q. and Sante Fe Railroads. Frequent busses run from Galesburg to Abingdon but please remember that we will be glad to meet trains in Galesburg if advance notice is given.

It is easy to ship cattle from Abingdon by rail or truck to any point in the country. Plenty of truckers are available for long distance hauls in any direction.
